

Director of the Federal Administration for Geodetic and Real Property Affairs Attends the 19th Symposium of Licensed Geodetic Engineers in Vodice

02.10.2026 11:31

The Director of the Federal Administration for Geodetic and Real Property Affairs is participating in the

19th Symposium of Licensed Geodetic Engineers, which is being held in Vodice from 1 to 4 October, organized by the Croatian Chamber of Licensed Geodetic Engineers.

This year's symposium, entitled “Geodesy – Reliability, Responsibility, Trust,” has brought together numerous experts in geodesy and geoinformatics from Croatia and countries across the region. The symposium represents one of the most important professional gatherings for the geodetic community in the region, with the aim of exchanging knowledge, experience, and examples of good practice. Through lectures, professional presentations, and discussions, participants address current topics in the fields of geodesy, geoinformatics, spatial data, and modern technologies.

Participation in this important professional event also provides an opportunity to further strengthen institutional relations and cooperation between the Federal Administration and the State Geodetic Administration of the Republic of Croatia through the exchange of experience and professional knowledge.
