

FIG Working Week

22.06.2021 14:28

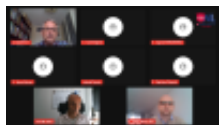

Due to the circumstances caused by covid-19 pandemic, the FIG Working Week was held via electronic communication channels on 20-25 May 2021. FIG is the premier international organization representing the interests of surveyors worldwide, the UN-recognized non-government organization (NGO), representing more than 120 countries throughout the world.

During the FIG working week in 2021, the concept of 'Smart Surveyor' was placed in the center of attention. The main intention is to prepare current and future generations of professionals through the knowledge exchange methods about approaches and methods that have been proven effective, the education of professionals and strengthening the geodetic profession.

The FIG Working Week gives the opportunity to geodetic professionals for the making global contacts, learning about the industries of other countries and makes the impact on careers, organizations and communities.

During the FIG Working Week, the representatives of the Federal Administration for Geodetic and Real Property Affairs were held a presentation „Data Integration & Interoperability of Public Land

Administration Services in Bosnia and Herzegovina“, whose authors are Director Mr. Zeljko Obradovic and Assistant Directors, Mr. Denis Tabucic and Mr. Sead Hadzic.
