

MEETING WITH GENERAL DIRECTOR OF THE ELEKTROPRIVREDA BIH

15.11.2023 15:44

A meeting of the Director of the Federal Geodetic Administration Mr. Željko Obradović and the General Director of Elektroprivreda BiH Mr. Sanel Buljubašić was held in premises of the Administration on November 15, 2023.

The meeting served as an opportunity for mutual familiarization with the activities and projects of both institutions. Director Obradović presented the current activities and projects implemented by the Federal Geodetic Administration with a special emphasis on the harmonization between cadastral and land registry data, the public exhibition of data regarding survey and cadastral classification of land and other successful projects within the land administration sector.

Director Buljubašić expressed his satisfaction with the cooperation so far in the field of data exchange, as well as with the hospitality and the organization of the meeting.
