

MEETING WITH REPRESENTATIVES OF CITY OF MOSTAR

22.08.2022 08:12

FGU
Federalna uprava za geodetske i imovinsko-pravne poslove

A meeting between Director of the Federal Geodetic Administration, Mr. Željko Obradović and City Mayor, Mr. Mario Kordić, was held in the premises of Mostar City Administration. At the meeting also participated representatives of the Cantonal Geodetic Administration, city service for cadastre, legal affairs, urbanism, attorney's office, as well as representatives of the harmonization process contractors.

This meeting was held with an aim of monitoring the projects of land administration sector in City of Mostar. Special accent was at the Real Estate Registration project within which it is implemented the harmonization between cadastral and land registry data at the City area. In the first phase of the Project it is arranged the cadastral data, followed by the land registry establishment for the City area. At the meeting was also discussed on the public exhibition of data regarding survey and cadastral classification of land, and the prerequisites for an intensive approach for establishing an Address register have been created. The tender procedures for the creating the Utility cadastre first phase have been completed, and a software application for the digital archive establishment has been installed.

Thanks to the City Council of the City of Mostar establishment, conditions for the initiation and implementation of these important projects from the land administration sector in the City of Mostar have been created, which is of great importance not only for citizens and for the overall economy of the City.
