

MEETING WITH REPRESENTATIVES OF CITY OF STOLAC

29.09.2026 11:01

On 29 September 2026, a meeting was held at the premises of the Federal Administration for Geodetic and Real Property Affairs between representatives of the Federal Administration and the City of Stolac. The meeting focused on reviewing the activities carried out to date, as well as planned activities concerning the establishment of the real estate cadastre in the City of Stolac.

During the meeting, progress in the implementation of the project was reviewed, with particular emphasis on the successfully completed activities related to the public display of data for the cadastral municipalities of Rotimlja and Trijebanj. Following the completion of the public display procedure, the data for these cadastral municipalities were officially put into use in the cadastral records.

As part of the continued efforts to improve and establish up-to-date cadastral records, the process of establishing the real estate cadastre has been initiated for the cadastral municipalities of Hodovo, Poprati and Bjelojevići. The updating of surveying and land cadastral classification databases is currently underway as a preparatory phase for the public display procedure.

The meeting also resulted in an agreement on the next activities to be undertaken by the Federal Administration and the City of Stolac, with the aim of ensuring timely preparation and efficient implementation of the public display procedure, as well as the continued establishment of the real estate cadastre in the City of Stolac. Representatives of both institutions expressed their satisfaction with the cooperation and their commitment to its continuation, with the aim of establishing high-quality, reliable and up-to-date real estate data.
