

Representatives of the Ordnance Survey in Federal Administration for Geodetic and Real Property Affairs

18.07.2019 22:34

The CEO of Ordnance Survey International, Mr. Peter Hedlund and Client Relations Director, Mr. Agim Isufaj have visited the Federal Administration for Geodetic and Ereal Property Affairs on 18 July 2019. Representatives of the Administration led by Director, Mr. Željko Obradović have presented current activities and projects, and it was also discussed about the priority areas where cooperation between these two institutions could be achieved.

The Ordnance Survey International is a subsidiary of the British Cartography Agency with a 224-year old history.
