

Signed Contract with Consultants for the DELEF Project

16.04.2024 06:54

Contracts on the engagement of five consultants for the DELEF project were signed in the premises of the Federal Geodetic Administration on April 15, 2024, which ensured their support for a period of several years. The engagement of the consultants will last during the project implementation, starting from April 15, 2024, providing continuous support to the Federal Geodetic Administration in achieving the project goals and the digital transformation of the land administration in Bosnia and Herzegovina.

The consulting contracts were financed by the Government of the Kingdom of Sweden as a part of the support for the new World Bank project in Bosnia and Herzegovina. Digital Enhancement of Land Management for the European Future of Bosnia and Herzegovina (DELEF project) is focused on the

overall capacity development, mass valuation, spatial data infrastructure (SDI) and geodetic infrastructure, and these consultants will provide direct support in capacity building within FGA in these areas.
