Students from High school of Civil Engineering and Geodesy Sarajevo have visited Federal Geodetic Administration on April 27, 2026. The visit was organized in the annual university program as a one- day excursion.

Director of the Federal Administration for Geodetic and Real Property Affairs, Mr. Željko Obradović welcomed students and teachers, and representatives of the Administration Mr. Denis Tabučić and Ms. Hasumana Abaza presented the work, responsibilities and current projects of the Federal Geodetic Administration, as well as the Land consolidation project. Considering that a larger number of students plan to continue their education at the Faculty of Civil Engineering - Department of Geodesy, this presentation was useful for their further education.

The Federal Geodetic Administration will continue to support of all academic and educational institutions who have an interest in the Bosnia and Herzegovina land administration sector.
