

VISIT OF STUDENTS FROM SECONDARY SCHOOL OF CIVIL ENGINEERING AND GEODESY IN SARAJEVO

10.12.2018 15:42

Fourth grade students from Secondary School of Civil Engineering and Geodesy in Sarajevo visited the Federal Administration for Geodetic and Real Property Affairs on 10 December 2018. The visit was organized in the annual school programme as a one- day excursion.

A Geoinformatics' sector employee, Mr. Denis Tabučić held a presentation and introduced students with the work, responsibilities and current projects of the Federal Geodetic Administration. Since most students are planning to continue their education at the Faculty of Civil Engineering- Geodetic Department, this presentation was useful for future education.

Students and teachers asked numerous questions, mainly about the Geoinformatics sector because this subject is not included in the school's curriculum.
